

Appl. No. 10/775,116  
Amdt. Dated Jun. 2, 2006  
Reply to Office Action of May 09, 2006

**REMARKS**

The applicant has amended his claims to conform to the Examiner's Advisory Action confirming the allowability of claims 10, 11, and 15. Claim 10 has been written in independent form to include all the limitations of the intervening claims from which it depends. Claim 15 has been rewritten in independent form. All other claims have been cancelled except those which have been amended to depend from allowable claims, therefore claims 10-15 and 17-19 presently pending in this application are now deemed to be in condition for allowance.

In the event that the present amendments do not place the claims in condition for allowance, the Examiner is invited to call the applicant's attorney to expedite the patent process since allowable subject matter has been found.

Respectfully submitted,
